## October Declared

### "Miss Grayling Winter Sports Application Month"

Although the exact date of the Winter Sports Festival has not been decided at this time, the Pageant Committee is already hard at work. This year it was decided to request applications for those wanting to try for the title "Miss Grayling Winter Sports" in October. If you are interested in competing for the title and a chance to represent your community next year - get your application now at the Grayling High School Office, the Chamber of Commerce, or Cornell Realty. To enter you must be between the ages of 17 and 21, single, and a resident of Crawford County.

Being in the pageant is an exciting and educational experience. You'll get to meet many people who will help you with your talent, make up, hairstyling, and stage presence, and you'll have memories to treasure in years to come.

The 1985 Queen will be awarded a \$500.00 Scholarship to the school of her choice, plus there are cash awards given to the first and second runners up.

Your guide for the evening will be noted lecturer Jim McDonald. With him you'll meet the people, from the city dwellers to country folk. In Dublin you'll roam through the docks, the open air markets, Georgian Square, and the spacious parks. You'll witness the life of the farmers around Kilkenny and in Waterford you will witness the making of the famous handcut glass and crystal-ware which is world renowned for its beauty.

Along the south coast of Cork you'll get a view of the "Corkmen" who inhabit the city of hills and after a five mile jaunt to the north you will kiss the Blarney Stone at Blarney Castle. In Limerick you'll hear the story of Shannon and in County Mayo you'll visit Ireland's Holy Mountain and hear the story of St. Patrick. You'll end your journey beside the Shannon at Clonmacnoise exploring the ghosts of Ireland's past as the summer sun swings far to the north, reluctant to give up its light on this magical island.

## 3rd Annual Hanson Hills 10K Run Set for October 27th

## Commission on Aging Returns to Lawndale

By Jon Thompson

The Crawford County Commission on Aging has signed a lease agreement with the Grayling Housing Commission that will allow them to use four small offices, kitchen facilities, and a large recreation room at the Grayling Housing project at 308 Lawndale.

The lease agreement, signed last Thursday with HUD's approval, rents 2,550 square feet for \$8,999 per year.

Among the programs the Commission on Aging will offer at Lawndale are congregate dining, meals on wheels, homemaker services, information and referral, outreach, telephone reassurance, friendly visitor, tax assistance, blood pressure, vital of life, enrichment classes, handicapped program, exercise class, movies, bicycling class, travel program, and special speakers on senior citizen topics.

Mary Harland, commission on aging chairman, said she was excited about returning programs to Lawndale. Guy Quigley, executive director for the Grayling Housing Commission, said he was pleased the commission on aging was leasing space at Lawndale because of the services they provide. He estimated as many as 75 percent of the approximately 280 residents at

the 88-unit Grayling Housing project benefit from the program.

Along with moving most of its programs back under one roof at 308 Lawndale, the commission on aging also hired a project manager. Sherry Haag, of Grayling, will begin Oct. 1 as head of the commission on aging programs.

"We're looking to serve the needs of all of the seniors in Crawford County," Haag said. "By November 1st, we will be mailing out a survey to all seniors in the county asking them what they want."

Haag encourages seniors to come to the commission on aging offices at Lawndale and take a look at some of the programs offered.

"My door will always be open," she said. "I hope to be able to provide activities and programs to expand your minds, serve your needs, tickle your funny bone, and help make your

lives more challenging and fulfilling."

Haag served three years as director of the Retired Senior Volunteer Program and one year as assistant-secretary of RSVP in Grayling before accepting the project manager position.

The project manager position is a new job created after Lora Gould was dismissed as commission on aging director by the county board of commissioners. Mary Harland took over duties temporarily as chairwoman of the commission to keep programs operating.

Both Harland and Haag said programs will be better than ever now that the commission on aging has moved back to Lawndale.

They say the Lawndale location is ideal for seniors because many live in the housing project, the site has ample parking and barrier-free access, and the place was a gathering place for seniors for years.

The commission on aging programs and offices were removed from the Grayling Housing project last April when HUD felt housing project and senior programs were being improperly mixed by Lora Gould, who was the director for both the Grayling Housing Commission and the Crawford County Commission on Aging.

Along with a new lease and new project manager, the commission on aging will also be trying for a renewal of millage in November. The millage request in November will be a reduction of their present millage. The commission on aging is asking for a quarter mill this time instead of a half mill that was approved by voters three years ago. Although the millage request is a reduction, Harland says the quarter mill will allow the commission on aging to continue programs and expand.

**LEASE AGREEMENT SIGNED** — Signing a lease agreement that will allow the county commission on aging to rent offices and run programs at the Grayling Housing project are (Sitting, left to right) Sherry Haag, commission on aging project manager, Mary Elaine Harland, chairwoman of the commission on aging, and Guy Quigley, director of the Grayling Housing Commission. Also on hand for the signing are George Rybicki, John Miller, Jeannette Kitchen, Larry Mattis, Glenda Sampsel, Kathryn Rakoczy, Don Welser, Bud Halstead, Andie Neilson, and Robert Golinick (not shown). ## Can You Afford Not To?

By Harrison Goodhue for Red Cross

Every professional copywriter would tell you that is not the way to begin an article. But, I am not a professional. I am an amateur. And, somehow, somehow, I want to ask how you can afford not to support American Red Cross financially?

Obviously, I do not think Crawford County folks can afford to be without the vital humanitarian services that Red Cross - and only Red Cross - provides the citizens of this County and of this Nation.

For example, in the Red Cross 1984 fiscal year just ended last June 30th, six families in Crawford County had their uninsured homes burned down. Within 24 hours Crawford County Red Cross had provided the victims of these six burnouts

with orders on the local merchants of their choice for \$3107.63 worth of food and clothing. Since this October began rendering this Disaster Relief in 1977, thirty burnout families have received total relief of \$14,757.

In the same 1984 fiscal year, our Service to Military Family volunteers handled 172 cases of emergency communication between Crawford County families and their Servicemen and Servicewomen in the Armed Forces, no matter where they were located in the U.S. or Overseas without charge, and that is exclusive of the Camp Grayling encampments.

This all Volunteer SMF Service is available 24 hours per day, 365 days per year, manned by unpaid Volunteers, but the telephone toll

cost for that service last year was \$801.41.

Our 21 Red Cross Volunteer Instructors held 127 classes, qualifying 1476 persons to perform First Aid, Cardio Pulmonary Resuscitation, Water Life Saving or Swimming. Those 21 Instructors gave over 58 hours of their time on an average to conduct those training sessions, and they are all unpaid Volunteers.

And, over 660 of our wonderful Blood Donors came to our six Blood Banks - four at the American Legion and two at the High School - to give a pint of their precious blood so that every citizen of Crawford County who needed blood - and no matter where they were within the U.S. - would receive all they needed, free, and without need for replacement.

## Mrs. Christenson Celebrates 98th

Mrs. Rosa Christenson celebrated her 98th birthday on Sunday, September 23, 1984, at a family dinner held at the home of her daughter and husband, Fay and Bob Bovee, on Ingham Street. Nieces and nephews from Flint, Cadillac and Grayling were guests. A few close friends came for birthday cake and coffee. Special guests were a granddaughter, Billie Smith, and great grandsons, Peter and Paul, of Saugerties, New York, who were visiting her parents for a week. Another granddaughter, Dena Bovee, of Worthington, Ohio, sent flowers as she was unable to attend and had visited earlier in the month.

Rosa was born on September 23, 1886, in Sigbee, Grayling Township, located on the North Down River Road, and has resided here all her life. She still lives in the home that she and her husband, the late Peter William Christenson, built in 1913 and enjoys good health. She enjoyed the many cards and flowers that she received.

## Last Phase of Fuel Leak Clean-Up Started Here

By Jon Thompson

Fuel Recovery Company, of St. Paul, Minnesota, began Monday on the final phase of clean-up on an estimated 7,200-gallon diesel fuel leak near the Mobilization and Training Equipment Site (MATES).

The Minnesota company won a bid for \$70,000 for 12 months of recovery work. The Department of Military Affairs is paying for the clean-up.

The fuel leak was discovered June 25 by military personnel. By the next morning, Camp Grayling

commander Colonel Ivan Gwilt had his roads and grounds crew digging and pumping the fuel out of the ground under supervision of the DNR ground water quality division.

Gwilt estimated his crews recovered up to 6500 gallons of the fuel.

The Minnesota company will be drilling both monitor and recovery wells. The recovery wells will be 26 inches in diameter and will pump contaminated water out of the ground and run it through a machine to extract the fuel.

At the end of the clean-up, the water at the site must match well water from a nearby site that was not contaminated.

A hole about the size of a nickel in a line to underground fuel tanks was responsible for the leak. Three 44,000-gallon underground fuel tanks are located between MATES and the railroad tracks south of the complex. The fuel tanks are used for Camp Grayling operations. The military has plans to move the tanks out to Camp Grayling near the new warehouse.

## GHS Homecoming Events Aim At Attracting More Alumni

Grayling High School students are inviting all 1984 GHS graduates and other alumni to the Homecoming football game Friday night and Homecoming dance Saturday.

Barb Fitzgerald, a GHS senior, said they would like to see Homecoming be more of a celebration for GHS alumni to come home and enjoy in addition to being a week of fun for current high school students.

To encourage alumni to attend the Homecoming dance Saturday, the number of persons attending from each previous graduating class will be announced at the dance.

A parade featuring class floats and Kings and Queens will start at 5:30 p.m. Friday.

The parade route will be from the Middle School to Spruce, Spruce to Peninsular, Peninsular to Michigan Ave., and Michigan Ave. down to the football field.

During the week, GHS students had dress-up days starting with Looking Bad on Monday, Looking Good on Tuesday, Sweat Pants and Bandanas on Wednesday, Costumes from comic strips on Thursday, and Green and White or Viking Unity on Friday.

On Wednesday during sixth and seventh hour, zany times prevail. Tug-of-war, pyramid building, V.W. stuffing, pie-eating contests, balloon toss, three-legged relay, and wheel-barrow races, and other Homecoming events will take place.

On Thursday, GHS principal Carl Naghtin receives a pie in the face, class advisors race with shoes tied together, students have licorice eating and coke drinking from a bottle races. A pep assembly completes the fun, and spirit activities will take place all week.

During the week, students will also be looking for a spirit medallion worth a prize donated by five merchants. K mart donated an FM radio and headphones set, R & H Sports donated a pull-over jacket, True Value donated a calculator, Ben Franklin donated four Michael Jackson t-shirts, and Main Street Florals donated wrist corsages for girls and boutonnieres for boys.

## Jean Arwood Honored For 25 Years Service

The Michigan Department of Social Services recently awarded Jean Arwood a certificate of recognition and gold charm for her 25 years of public service to the people of the State of Michigan. Shown above is Beverly J. Cuthbert, Director of the Crawford County Department of Social Services making the presentation to Mrs. Arwood.

Mrs. Arwood began her career in state government in 1954 with the Department of Insurance in Lansing where she was employed in a clerical position. She has also been employed with the Secretary of States Office, Vocational Rehabilitation and the Department of Natural Resources. In 1971, Mrs. Arwood began her employment with the Department of Social Services as an

Assistant Payments Worker in the Crawford County Office.

Asked to comment on her 25 years of public service, Mrs. Arwood stated, "I would not do things any differently if I had it to do over again. Dealing with the bureaucratic red tape is frustrating at times, but, all in all I enjoy my work."

Mrs. Arwood is married to Fred Arwood and they have three children, Dana Andersen, Scottville, Mi.; Cheryl Sova, Wyoming, Mi.; and Joel Arwood, Grayling. They have eight grandchildren.

Ms. Cuthbert stated that Mrs. Arwood is a valued employee and she is sure the citizens of Crawford County join with her in saying thank you.

From Our  
Corner...

Another week of just tid bits and idle thoughts...

George Stancil came rushing in the back door of the Avalanche last Friday to sell the last five tickets he said was to go for a worthy cause...so LeRoy, Jon and I split the five and as George left he said he would be right back with our winnings...well, he hadn't shown when we got ready to leave, but we did run into him a little later in the evening so I asked him who the lucky winner was...he said we wouldn't believe it but, it was good old George himself that took the spoils...I don't know if that would classify him as a con-man or not...

With two teams of four playing scrambles at the golf course last Sunday which was the last day for the club house to be open this season a record was set by one of the teams...the foursome of Dr. Robert Schwarz, Norm Thompson, Bill Worden and Carl Hector Neilson came in with a 26...the previous club record for scrambles was 29...the foursome had hole scores of 4-3-2-3-3-3-2-3, which tallied up to eight birdies and one eagle...and 10 under par...the other foursome made up of Don Mehan, Rudy Martinez, Charlie Vajda and Bernie Pottorff shot a respectable 31 which would win on most other days...we're sure this is not the last day of golf on the local links, not with the die-hard golfers we have around here, especially when they played a couple years ago on Christmas day...the flags are taken down but this bunch of golfers we're sure could almost play the course blindfolded...

An idle thought...about this time last Sunday we were sitting in Wally's on Pierson Road and I-75 at Flint having something to eat and wondering how long it was to Grayling...we were a little tired coming from Amherst, Ohio...

We have found out this afternoon that newspaper stands outside of buildings have more uses than just selling papers...we watched as two energetic high school girls moved the USA Today stand in front of the Chief Shoppenagons Hotel window so they could use it to paint the GO Vikings Homecoming sign on the windows...we must say here they did a very fine job with the painting even though it's against our alma mater the Gaylord Blue Devils...all we can do is add our good to luck to the Vikes, and hope they right themselves after two one point losses...this is the time to do it...

We were talking to Dick Raab the other day and he asked if we were going on the Detroit Lions football excursion that he said Irvin the retired railroad man we have mentioned here before was handling the setup...we hadn't been asked, we replied...but then the way the Lions are playing we haven't gotten too thrilled over them...

Duane Nimke, former executive Vice-President at Mercy Hospital and now living in Grand Rapids but maintains his home here dropped off a clipping from the Grand Rapids Press that referred to Grayling and was written by Carol D. Rugg of Booth News Service about David Schwartz who is co-author of four dining guides...in the article there are many places mentioned where Schwartz had stopped to eat and one was Spike's Keg O' Nails in Grayling...the last paragraph states... "To locate eateries, Schwartz remarked, he frequently asks newspaper critics for their suggestions. Plus, he said, he files away recommendations from people who casually say, "If you're ever in Grayling..." unquote from the article...guess that proves one thing, Grayling is a friendly place to stop...just so we keep it that way...

This will take care of this week's efforts, can't come up with any more tid bits so, will bid T.J., Stefany and Amber goodnight and to all our readers have a nice weekend, and to the student body at Grayling High School we hope your Homecoming celebration will be a success...

Thanks to you...

it works...

## The Bible Speaks

From Calvary Baptist Church

PLEASE VOTE  
IN NOVEMBER

The biggest issue in the coming election is not just candidates, political parties, or political policy. At stake is the foundation of basic moral values which will influence and guide our children and grandchildren.

God is neither Democrat or Republican, but our founding fathers placed God and His values above all political parties and candidates. We are "One Nation Under God". The greatest question is not what we will do with our dollars, but will each dollar still represent our motto: "In God We Trust"?

The question of higher taxes does not merely concern fiscal responsibility. Higher taxes raise the possibility of legalized robbery. What percent of taxes can the government take from loyal, hard working citizens without robbing them of their personal property and pursuit of happiness?

The question of bigger government and growing bureaucracy is not just a question of social and civil responsibility. At stake also is the individual freedom, liberty and individual responsibility of every citizen. At what point does big government become a tyrant, and we become slaves of government?

The greatest "Human Rights" issue is the right of all citizens to do right and be rewarded for it. Can our nation use the issue of individual or minority "rights" to condone the promotion and practice of

wrong? Is it right to legalize the murder of unborn human beings under the banner of "Women's Rights"? Do women have more rights than babies? Is it right to legalize sodomy under the banner of "Gay Rights"? Can we force the influence of immoral values upon the whole society and call it right?

We believe in a pluralistic society where every citizen has a moral responsibility to vote. The atheistic humanist has the same right and responsibility to vote as the citizen who believes in our traditional morality. It is just as fair and right for people who believe in morality to set the standards of values in our society, as it is for people who believe and practice immorality. It is just as fair for people who practice immorality to be under moral standards, as it is for people who practice morality to be under immoral standards. This election will impose some form of values on every one of us.

We owe it to our children and grandchildren to know the position of all candidates on the moral values which will control and influence our nation. "Righteousness exalteth a nation, but sin is a reproach to any people." Proverbs 14:34. If you and I don't decide what is right and wrong in our nation, someone else will. We will want America exalted, not reproached, in the eyes of God, our families, and the world. Please vote for right.

ATC 250R

**WHEN WINNING IS  
EVERYTHING**

Nothing out-performs an ATC 250R! It's the winningest  
three-wheeler in the dirt. And for 85, it's even better. Now  
water-cooled, its potent 266cc reed valve two-stroke engine  
outpowers all of its competition. The new six-speed, close  
ratio transmission lets you get all the power to the ground.  
Improved Pro-Link rear suspension and air-adjustable forks  
are also featured. All this, plus a new adjustable rear track  
design makes the 250R hard to beat. And isn't that what  
being on top is all about?

**American Legion Auxiliary News**  
By Laurie Jensen  
P.R. Director  
We in the Legion and Auxiliary wish to extend a hearty welcome to all hunters in our area. With you in mind, we in the Auxiliary decided to have a Roast Beef Dinner this Saturday from 5:00 to 9:00 p.m. down at the Post here in Grayling. The cost of this event is \$5.00 for Adults, \$4.00 for Senior Citizens, \$2.50 for children 12 & under while kids that are 5 and under will get in for free. We hope that you hunters as well as our locals will stop in and enjoy the fantastic meal that our local Auxiliary will put on. I'm sure you will walk away well satisfied.  
Our next meeting will be Wednesday, October 10 at 7:30 p.m. I hope to see many of you there. Come see for yourself what Unit 106 is doing. Your input is greatly needed at our meetings. The same 10 people attend the meetings month after month and these same 10 people are making the decisions for all 100 of us. Don't you think it's time that the other 90 came and had their say? I feel it is time we heard from the other 90%. Try to come and have your voice heard. While you are at our next meeting, you could also pay your dues. If you would pay now we would have a chance at winning 1st place in the state. Wouldn't that be great if our unit could win first place? Thanks for your support...

**A Community That Cares... Shares United Way**  
If people are good enough to volunteer their time and money each year and make United Way a success, they're also good enough to decide how the funds are used.  
A lot of ordinary people with extraordinary dedication devote long hours looking at budgets and community needs to determine how the money you give can be used to your community's best advantage. And that's how United Way works, and why.  
October 1st is the beginning of campaign month in Crawford County. Please keep your eyes open and your donation generous, for your friends and neighbors volunteering to make United Way work in our community.

**Local Student In CMU Production**  
Mt. Pleasant - Troy Haag, a Central Michigan University freshman from Grayling, was a member of the cast/crew of "Black Comedy," written by Peter Schaffer.  
The play captures the events of one terrible, but terribly funny, evening in South Kensington, England. It was performed Sept. 25-29 in Theatre-on-the-Side at CMU.  
Troy was George Bamberger in the play. He is the son of William and Sherry Haag.

## Printed Word More Important

by Richard Milliman

LET'S TAKE TIME this week for one of our infrequent strolls, barefoot among the potpourri...

GOV. JAMES BLANCHARD recently sat back and took a look at his media relations during his first two years in office, and came up with a couple of interesting comments this writer is very happy to pass on.

Print journalism, the governor told an audience of capitol newstfolk, is more important than the electronic media, and for three specific reasons:

1. The printed word "sets the framework" for public debate of issues, calling the attention of the public to the pluses and minuses of various matters and thus defining what actions will be discussed and considered by public officials.

2. Opinion leaders across the state are avid readers of newspapers, including editorials; thus those who shape public opinion are influenced by what appears in the newspapers.

3. The printed word provides "historical perspective" for what's going on in the public arena, providing a much broader meaning to the facts.

As a person who has spent his working life in the print medium, with significant dabbles in the public arenas as well, I heartily endorse Blanchard's viewpoints. Of course, as a newspaper person, I usually am too modest to make such points myself, but am only too happy to report them when someone else does.

GOV. BLANCHARD also hit upon one of the distinct weaknesses of the press, both printed and electronic. He told the same audience of newstfolk that capitol reporters should get outstate more, abandoning their capitol haunts to travel around the state to see what's on the minds of the people around Michigan.

They will find, Blanchard suggests, that the people of Michigan are more interested in how some action in the legislature will affect them directly — how it "will affect some road or school or river" is the way the governor put it — than in who is calling

somebody names in the political environment.

Again, I find myself agreeing with Gov. Blanchard; only he should not limit his suggestions to news people but should include politicians and office holders as well. Too often our public officials — as well as our media people — become blinded by the so-called glamour of the capitol setting. Very often, as Gov. Blanchard suggests, the capitol setting is simply not in tune with what's important out in the grass roots.

I WOULD EVEN take this criticism a step further. Washington experts, both media and political, are even more guilty of wearing capitol blinders than the Lansing variety, in my opinion.

All of the emphasis seems to be on Washington and New York, and not enough on Chicago or Des Moines or Denver. Too many people in the nation's capitol seem to think that the world ends at the boundaries of the District of Columbia; it doesn't. We're important too, out here in the hustings.

Of course, the media are headquartered in New York, Washington and to a lesser degree in Los Angeles. They provide a skewed view of what's really important in this country. Or so it seems to me.

As Gov. Blanchard has suggested to his Lansing colleagues, the Washington types should get out of town much more often, too.

DOES IT SEEM as if there are more and more lawyers joining our society all the time? It sure does. And all of them don't work in law firms or for the government, either.

A recent survey by Legal Times magazine reports that American Telephone and Telegraph Co. has more lawyers on its payroll — 488 in all — than any other company in the country.

The next five largest law departments, in order, are:

Exxon with 429 lawyers, General Electric with 366, Mobil and Sears with 226 each, and Standard Oil of Indiana with 211.

Maybe that's why it's so hard to "fight city hall" when you tangle with big business in this country.

## Magician Show At Kirtland Thurs., Oct. 4

The internationally known magician team of Denny and Lee will be appearing at the Kirtland Auditorium at 8 p.m. on October 4th with their big show of magic and large scale illusions. The show is appropriately titled "Illusions", and features masterful sleight of hand tricks that will baffle the imaginations of everyone.

The traditional illusion tricks which the audience expects from accomplished magicians are handled in a new way by Denny and Lee and so when "the Lady is cut in two," the trick is accomplished with 18 blades, rather than one or just a few. Lee will be levitated, not on the handle of a broom, but on sword point. The most famous trick that Denny & Lee are known for in the circle of professional magicians is their version of the Houdini truck escape trick. Denny & Lee amaze their peers with trick, and in 1980, Denny was invited to a convention of magicians in Europe to illustrate the trick. Denny & Lee handle the trunk escape trick in a way that mystifies even veteran magicians. The piece de resistance, though, is of course, the Bullet Catch Trick.

Denny appears to catch a fired bullet in his teeth and keep all of his molars. This famous trick has been around since the early 1800's and a dozen magicians have met their deaths with this rather dangerous illusion. Denny, with his ever present quick wit, takes a rather philosophic attitude toward the trick: "I'm not afraid, because I know exactly how the trick works and I've done it a lot. I'm very nervous about it, though, because it's dangerous and, well, if it goes wrong, you don't get to try it again, do you?"

In a telephone interview with Denny last Monday, he said he likes to play to audiences of all ages and that the show is really aimed at general audiences, a family type audience, rather than being strictly for children or strictly for adults. Denny believes that his show is as amusing as it is amazing and believes that humor is a large part of the act. The approach must be successful because Denny & Lee have done their Illusions show with big stars like: Tanya Tucker, Frank Gorshin, The Four Lads, Joey Bishop, Dolly Parton, and Glen Campbell. The show has played in The Kennedy Center in Washington D.C., The Roseland Ballroom in New York City, at the Park Place Hotel and the Playboy Club in Atlantic City, and in many other venues in major cities across the country.

They have done specialty performances for major corporations like IBM, RCA, Honda, Prudential, Bank of Tokyo and the Ford Motor Company.

Tickets for the Denny & Lee's magic and illusion show will be available at the door and are \$5.50 for adults, \$4.50 for senior citizens and high school students, and for \$1.00 for children 10 years of age or younger. For information, call 517/275-5121, extension 226.

### State Completes \$450 Million Note Sale

Warren M. Hoyt, Executive Dir., MPA

State officials and investors have completed the sale of \$450 million in short-term notes and State Treasurer Robert Bowman said the presence on the November ballot of the Voter's Choice tax amendment increased borrowing costs by as much as \$2.8 million.

The state is paying 7 percent interest on the notes plus \$1.8 million for a line of credit arranged through New York's Citibank, an additional security which enabled the notes to carry the highest rating of the two major rating services.

Bowman said the state's financial position has improved so much it could have considered trying to once again borrow funds without backup credit support of banks, but the presence of Proposal C precluded that.

"Next year, I can assure you that if we defeat Proposal C, we will not need a credit facility," Bowman said.

Bowman acknowledged that opinion is mixed on Wall Street on whether the state needed the line of credit this year.

Bowman said the notes, being sold to cover the state's cash flow problems at the beginning of the fiscal year, bear a higher interest rate due to the presence of Proposal C, at an additional cost of as much as \$1 million.

Although the state will, in effect, pay 7 percent interest on \$450 million, it technically is paying 7-3/8 percent interest while receiving about \$453 million from investors.

The higher face interest rate serves as a buffer for investors to keep the notes more

marketable for resale if their value would otherwise drop due to such things as passage of Proposal C or a downturn in the auto industry, Bowman said.

Citibank's Richard Kezer concurred with Bowman's assessment. He said the concern of the financial community about Proposal C, "is what it raises in the minds of investors of the mood in the state of Michigan and the ability of Michigan to meet its needs. Our principle concern is the inability to react to problems in the future."

The proposal would roll tax and fee rates to 1981 levels and require increases to be approved by voters or a four-fifths majority of the state Legislature to local government legislative bodies. The rollbacks would mean about a \$1 billion loss in state revenues.

Steward Fuchs of the Goldman, Sachs investment house said the proposal is "more radical" than either the famed California tax cut or a Massachusetts tax cut, both of which affected local, not state, authority.

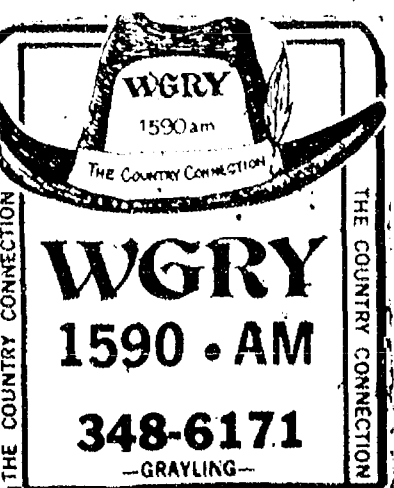

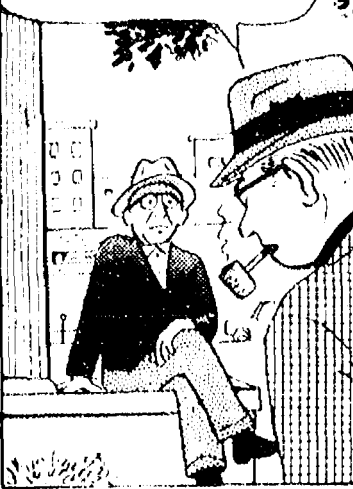

The total interest/line of credit cost on the \$450 million is \$33.3 million compared to \$36.5 million last year on a \$500 million note sale at an interest rate of 6.15 percent and line of credit costs of \$3.4 million.

The money, to be delivered October 1, is to meet state cash needs for payments to schools, colleges and local governments.

A \$360 million payment to schools is due October 1 and \$50 million to colleges and universities will be sent in the 10 days after, and the rest to local governments.

## Grayling Girls Win 2 More

By Jon Thompson

Kris Laudenslager, Erin Jones, and Michelle Barber scored in double figures last Thursday as Grayling downed Boyne City 63-40 and improved their record to 5-1.

Laudenslager also set a GHS girls basketball record by pulling down 29 rebounds in one game -- beating the old mark of 28 rebounds.

Grayling is 2-0 in Michigan Huron, Shores Conference play and will be tested next at home against three good league teams. Tuesday, Grayling played Cheboygan. This Thursday, Gaylord visits and next Tuesday Charlevoix will be here.

Against Boyne, Laudenslager hit for 19 points and led the team with 17 rebounds. Jones and Barber added 12 points each and Heidi Derenzy and Jones grabbed

15 rebounds each.

Dawn Phelps came off the bench to help control the boards and she added 8 points. Derenzy and Shawn Denton scored 4 each and Michelle Moore and Kim Springer had 2 each.

Boyne stayed with Grayling early in the game trailing only 14-13 at the end of the first quarter and 35-27 at half.

In the third quarter Grayling outscored them 11-2 as the Vikings played aggressive defense, stopped turning the ball over, and quit giving up easy baskets.

In their league opener at Petoskey, Jones led the way with 17 points coming off the bench in a 51-37 Grayling win.

Laudenslager added 12, Derenzy 8, Moore 6, Barber 4, Springer 2, and Lori Pfaff had 2.

Grayling was ahead 12-4 after eight minutes and 29-9 after two quarters. Head coach Tom Mills said Petoskey didn't shoot well early in the game and had a hard time scoring. He said his team is improving and is moving the ball better on offense.

Grayling's free throw shooting has also improved hitting 5 of 8 against Petoskey and 17 of 27 against Boyne. In Grayling's four non-conference games they shot under .500 from the line.

Grayling's only defeat of the year so far came at the hands of Class B Oscoda, a team that was undefeated in its first eight games.

The J.V. squad crushed Boyne 55-15 and lost a close game to Petoskey 28-25.

## Editor's Mailbox

To The Editor:

I would like to point out to your readers that the recent advertising run on behalf of the Cotant Judicial Campaign is misleading and improper campaign conduct for a judicial candidate.

Canon 7 of the Code of Judicial Conduct governing campaign conduct, Sec B(c), states that a candidate, "...for a judicial office: 'should not ... misrepresent his identity, qualifications, present position or other fact.'"

The clear implication of the advertising is that the candidate is presently a judge. That is not true, it appears to be intended to be misleading, and, other than being presumptuous, constitutes false advertising.

Debbie Parks

To The Editor,

In the past year there have been several incidences of charges of illegality concerning persons who are governed by or responsible to a Board of Directors or Board of Commissioners.

There are many organizations and agencies that operate in this manner in our area.

Persons may become a "Board member" for many reasons, some altruistic and others for the "status" it gives them in the community.

Some Board members believe once they "hire" a Director of program that their responsibility ends, other than a monthly meeting. As a result, sometimes a board becomes a "yes" board and rubber stamps the Directors decisions.

However, I believe, that "boards" need to be aware of their proper role in the administration of the program. They need to be "questioning" and have enough checks and balances that they protect everyone involved.

Further, they need to be responsible for the program and to the Director and in turn the Director needs to be responsible to them, as well as for the program.

I feel it is a joint responsibility and when there is a "failure", each needs to see their "part" in that "failure" and not "scapegoat" one person to take all the blame.

I hope that each person who sets on a Board will begin to see the seriousness of their position and the full scope of their responsibility, in order to avoid some of the situations that have been publicized in the past year.

If "Boards" will properly exercise their responsibility, these situations will never reach the courts.

Helen I. Campbell

## Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

The recent rains seem to have influenced the varieties of fungus that are appearing in profusion. Just exactly what species are growing in the Tall Timber I cannot say with certainty. Trying to identify the mushrooms found in the fall is tricky at best. The common jeweled puffball and the smooth puffball are quite common at this time of year. The jeweled puffball or Lycoperdon perlatum is edible but beware of any tinge of yellow in the interior or any other color than white. An over-aged specimen will spoil a whole pan full. Any other color than yellow may indicate one of the Amanitas which are so poisonous as to kill a whole house full of guests.

Some people call the Lycoperdon pyriforme the smooth puffball and others refer to it as the pear-shaped puffball. At any rate, it is only one to two inches across and the surface varies from smooth to scaly. Again the caution of checking for any discoloration is in order and should be followed without fail. As always, when talking about the edibility of mushrooms, it pays to eat only a very small quantity the first time to assess your body's reaction. There is no antidote for plant poisoning.

## Vikings Go After Gaylord For Homecoming Victory

The long-standing Grayling-Gaylord rivalry needs about as much extra buildup as a forest fire needs a match.

But Friday night, Gaylord comes to Grayling to play at the Vikings' Homecoming. In addition, Grayling took the "Pine Log" away from Gaylord last year and the Vikings say they want to keep it another year.

To top things off, both Grayling and Gaylord are coming off painful losses. Grayling dropped a 14-13 game to Rogers City at home and Gaylord took it on the chin 28-21 from St. Ignace at home.

The fun on the field starts at 7:30 p.m.

Against Rogers City, Grayling was called for 14 penalties amounting to 150 yards as the yellow flags kept the Vikings off track on offense and defense.

Rogers scored first on a two-yard run in the first quarter but Grayling countered on a 16-yard touchdown pass from Jeff Branch to Jon Nicholas early in the 2nd quarter.

Kevin Hudson kicked the extra point to give Grayling a 7-6 lead.

Rodney Patterson intercepted a Rogers City pass next - one of three interceptions for Patterson - and Grayling got the ball on the 40-yard line of Rogers. Mixing run from Patterson and

Nicholas, Grayling moved to the seven yard line where Patterson ran in.

Grayling went for the two-point conversion to try to go two scores up on Rogers but a pass went incomplete.

In the third quarter, Rogers blocked a punt and took over the ball 35 yards from the goal line. They scored on a pass and the two-conversion pass ended the scoring at 14-13.

Head coach Bill Klinger said his team played better this week except for the penalties. Klinger praised his line play from Wyman, Schwartz, McNamara, Davis, Whitcher, Huss, Wakeley, Hudson, Keene, and Lovely despite Rogers' size advantage. Rogers City's linemen averaged 190 pounds or about 25 pounds more than Grayling's line.

Patterson played an outstanding defensive game, leading the team with 17 tackles and grabbing three interceptions. Nicholas gained more than 100 yards on offense, catching three passes for 38 yards and one touchdown and gaining 75 yards on the ground.

The J.V. squad also had problems with penalties against Rogers City losing 18-8. After the opening kickoff, Grayling moved the ball to the 1 yard line where they were called for lining up off-sides. After the first penalty, Grayling ran six yards into the end zone but was called for holding. Grayling wound up with 9 penalties while the host team had one flag thrown. Rogers City scored three touchdowns before Jeff Wolcott ran in from 7 yards for Grayling and Todd Klinger passed to Jeff Palmer for 2 points. Defensively, David Nielson, Jim Laurent, Joe LaGrow, Palmer and Klinger led the J.V. team.

## Broadway Comes To Grayling!

The only difference between Broadway and Grayling on Saturday, October 13, is that the Midwest Lyceum's Broadway Revue will be performed here in the Joseph Stripe Auditorium, rather than in an established theatre of New York City!

On the 13th, four professional performers from the Grand Rapids stage will bring the Revue, "Four By Four and More," to charm audiences with an evening of melody, comedy, and lively entertainment in the brassy style of Broadway. Each of the four, Jean Reed Bahle, Kirk Swenk, Mary Gamble Hyatt, and Stephanie Le Tourneau, has established a reputation for excellence and versatility in comedic and dramatic roles. In "Four by Four" they team up to perform music by Stephen Sondheim, Cole Porter, Rodgers and Hart, Noel Coward, and others.

Tickets for the Broadway Revue can be purchased at Flowers by Josie/Grey Goose Gifts in Grayling. Cost is \$6.00 for the complete Midwest Lyceum Series (the Revue and the Midwest Trio, which will perform on Sunday, October 28), or \$4.00 for a single performance.

Patronages are still available, but only until Thursday, October 4. Join the growing ranks of individuals and businesses supporting this artistic venture, by calling CCAC Treasurer Gerry Yates (348-8322 or 348-4341, M-F, 8-5) to purchase your patronage. The cost is \$20, which includes two tickets to each performance (a \$12 value) and your name in the programs.

"Four By Four" and Midwest Trio tickets are general admission. The house will open at 7:30 p.m. for "Four By Four" and at 2:30 p.m. for the Trio.

If you have any questions or cannot get to the Thrift Shop call Sue Louchart at 348-8117 or uniforms may be left at her house - 103 Vilas St.

Let's have every Girl Scout in a uniform this year they can be proud of. Girl Scouts are supported by the United Way.

**Red Cross**

(Continued from Page 1)

The total cost of rendering these Red Cross humanitarian services to Crawford County citizens in fiscal 1984 was \$7838.79 and it looks like it will cost around \$8300 to continue that same level of services in fiscal 1985, despite the fact that all the physical work is done by unpaid Volunteers.

So, the question: Can you afford not to support Red Cross financially?

If Red Cross is not adequately funded, obviously these services cannot be provided.

Although the Congress of the U.S. mandated American Red Cross to render these services to the Citizens of this Country they also required American Red Cross to raise the funds required to perform these mandates. No Federal, State or Local Tax Dollars are extended American Red Cross to do its job!

We, the Red Cross Volunteers of Crawford County believe our citizens need the vital humanitarian services that only American Red Cross provides.

If you think so too - Please, Help Us Help You - send a check today to Crawford County Chapter/American Red Cross, RR 2, Box 2515, Grayling, 49738.

who runs the United Way**

Here are the people in our community who help make United Way work in Crawford County. These people are just a few of the millions of volunteers who help run the United Way in thousands of different communities across the country.

Volunteers who help deliver services. Volunteers who help raise funds. And especially volunteers who help make the tough decisions of how money raised in their communities is put to the best use.

Millions of volunteers. That's who runs the United Way. Your friends. Your neighbors. People just like you. And, that's the way it should be.

By Staff

The long range weather reports indicate that Jack Frost will be paying us a visit sooner than usually scheduled. This will bring about the fall color change-over before the organized color tours are supposed to happen. Reports further indicate that the woods are now about 50% or more in full color. The experts say that if we continue with below normal weather conditions our "Riot of Color" will be over in a couple of weeks. The planned color tour by Dial-A-Ride would start from the City Park in Grayling proceeding north on 2nd Street - one would take M-93 through Hartwick Pines to Co. Rd. 612. Then easterly to the village of Lovells, then northerly. Turn around and back to Lovells then westerly on 612 to Frederic, continue to Manistee River Road, turn south to 672 then easterly to Grayling. Another route could touch the points mentioned, but would proceed on Old 27 to Frederic and beyond, using 612 in either direction picking up M-93, Old 27, Manistee River Road and M-72. It's quite a circuit, but very beautiful. On Old 27, you can see the hills to the west in a haze of color. The color tours are October 6 and 7 as well as the 13 and 14 at 10:00 a.m. and 2:00 p.m. daily.

If you are looking around town these days you will see that many area merchants have been dressing up their stores in the Fall Harvest Theme. I don't know about you, but I sure am in the mood of autumn with the desire to purchase warmer clothing such as hunting attire, flannel shirts and jeans jackets. We here in the Chamber want all of you merchants to know that our hats are off to you for once more making Grayling a beautiful place to shop, live and work.

We sincerely hope that with the opening of bow hunting season this past Monday, October 1 that many of our businesses enjoyed a prosperous weekend and hopefully they have continued on during the week. By the way, to you hunters in the area, we wish you much success in your endeavor to get that big buck to take home and enjoy on your dinner table.

For any hunters of the area as well as our locals, there will be a Roast Beef Dinner down at the American Legion in Grayling this Saturday, October 6 from 5:00-9:00 p.m.

A hearty welcome is bestowed on Beverly Cuthbert, who joined the chamber membership this week as an Associate Member. Welcome Aboard, Beverly!

The time was 1890... the place Niagara Falls, N.Y. ... the objective to walk a high-wire across the river gorge ... the hero — they called him "Daredevil Dixon."

Living a century later we have something in common with Mr. Dixon. We are still trying to be the first. Shouldn't we realize there are more important goals

than just being first.

The devil once dared Jesus to swoop down on Jerusalem from the temple spire. Instead, our Lord walked the dusty streets helping, caring, serving, sacrificing, revealing to men God's love.

You have a mission, too. The Church can help you find it.

concerning the dilemma of a modern day family, will open Nov. 1st. at The Pines Theatre, Houghton Lake.

The full length movie "The Prodigal" was screened to community leaders and news media at a special showing Tuesday, Oct. 2. Those attending have been asked to organize groups from their churches, clubs and schools. John Duven-deck of Houghton Lake is chairman of the local committee which is involved in bringing the film to Houghton Lake and surrounding area.

Set in a today world framework, the screenplay examines the gradual spiritual and emotional breakdown of the Stuart family as each member searches for his own identity in a world of conflicting values and changing lifestyles. Some 'Prodigals' have never left home. There are many families who live under the same roof, eat at the same table, and even go to church together, who are miles apart in their minds and hearts. These 'prodigals' are victims of broken communication, lost love, or conflicting priorities; confused...alone...hurting. Through this absorbing dramatic film, viewers can regain their lost hope.

Heading the outstanding cast are John Hammond, born and raised in Michigan, Hope Lang and John Cullum. Hammond, who portrays the title role of the wayward son caught up in the netherworld web of drugs and sex, was recently starred in the hit mini-series "The Blue and the Gray". Award winning Hope Lang stars as his confused and bewildered mother; while noted Broadway Tony Award winner, John Cullum essays the role of his single-minded, career-consumed father. World Wide Pictures is the film organization of the Billy Graham Association, and the inter nationally known evangelist has a cameo role

## Arts Council's Dance Program

The Crawford County Arts Council's dance program is in full swing, with classes held six days a week at the Arts Center in the Mini Mall. A new addition to the list of offerings is a Break Dancing course, held on Saturdays. To enroll yourself or your child, call 348-9461.

For this month only, the Council will hold its regular business meeting on a Wednesday. The meeting date has been changed from Tuesday, October 2, to Wednesday, October 3. Members planning to attend the October meeting are urged to note this date change. The meeting will still be held at 7:30 p.m. in the Community Room of Chemical Bank North (formerly Northern National Bank).

The Arts Council is an area ticket agent for Kirtland Community College's season opener for its Performing Artist Series, "Denny and Lee - Large Scale Illusion and Magic."

Tickets can be purchased from CCAC member Betty Bennett at WQON Radio Station on Norway Street during regular business hours on Monday through Friday. Each ticket purchase through the CCAC outlet benefits the Council.

### Party a Big Success

A sellout crowd enjoyed the Grayling Country Club closing party on Saturday the 29th. The staff prepared a marvelous table of hors d'oeuvres and a buffet dinner.

Dancing was enjoyed so much, to the music of "Doug & Marcie". Several door prizes in keeping with the theme "Fall Finale" were given. Fall decorations were done by the committee, The Bagrosky's, Brenners, Carlises, Davisons, and the Glazars.

Outgoing president, Dr. Schwarz made his final comments of the season and club manager, Gordon Cheney, thanked his staff for a job well done.

### CARD OF THANKS

Thanks to the staff at Mercy Hospital for the care they gave me and to my friends for the lovely cards and flowers I received.
